3rd Digital Hospital & Healthcare Innovations Summit

10 – 12 October 2017, Pullman Melbourne on the Park, Melbourne

Augmenting Health: Towards Better Patient Outcome, Clinical Effectiveness

MORE THAN 30 SPEAKERS, INCLUDING:

Browyn Le Grice
Managing Director, ANDHealth/Co-Founder and Health Special Advisor, BioScience Managers

Andrew Crawford
Director, Primary & Community Care Services
Advisory Director, ACS Foundation

Damian Claydon-Platt
Chief Clinical Information Officer
Epworth Healthcare

Christine Giles
CEO
Portland District Hospital

Heather Grain
Board Member, HL7 Australia
Chairperson, HL7 International Terminology Authority

Professor Erwin Loh
Executive Director, Innovation, Patient Safety & Experience/Chief Medical Officer
Monash Health

KEY THEMES

Artificial Intelligence in Healthcare
Strategic interoperability framework
Driving Patient’s journey through data & technology
Transformation into a digital hospital

Human-centered design in digital healthcare
My Health Record Updates & Latest Developments
AR & Virtualization in Healthcare
Advances in Medical Robotics

Digitization in Rural Health
Internet of Medical Things
IeMR strategies and implementation
Navigating the Uncanny Valley: when nurses work with robots
Top Notch Speakers Line-Up

10 - 12 OCTOBER 2017 | PULLMAN MELBOURNE ON THE PARK, MELBOURNE

Featuring C-Level Speakers Line Up

HEATHER GRAIN
Board Member, Chairperson HL7 Australia, HL7 International Terminology Authority

CHRISTINE GILES
CEO, Portland District Hospital

DEWALD BOTHA
Chief Technology Officer Tristar Medical Group

CHRISTOPHER BAIN
Chief Health Information Services Manager Mercy Public Hospitals

DAMIAN CLAYDON-PLATT
Chief Clinical Information Officer Epworth Healthcare

ANDREW CRAWFORD
Director, Primary & Community Care Services, Advisory Director, ACS Foundation

DEWALD BOTHA
Chief Technology Officer Tristar Medical Group

CHRISTOPHER BAIN
Chief Health Information Services Manager Mercy Public Hospitals

LISA LEWERS
Co-Founder Heartbeat AI

ANDREW CRAWFORD
Director, Primary & Community Care Services, Advisory Director, ACS Foundation

PROFESSOR ERWIN LOH
Executive Director, Innovation, Patient Safety & Experience/Chief Medical Officer Monash Health

CHRIS GUEST
ICT Strategic Manager, ForensiCare Victorian Government

RUSSEL WITHERS
Executive Director, Information & Performance/Chief Information Officer Footscray Hospital/ Western Health

CHRISTINE GILES
CEO, Portland District Hospital

DEWALD BOTHA
Chief Technology Officer Tristar Medical Group

CHRISTOPHER BAIN
Chief Health Information Services Manager Mercy Public Hospitals

DAMIAN CLAYDON-PLATT
Chief Clinical Information Officer Epworth Healthcare

ANDREW CRAWFORD
Director, Primary & Community Care Services, Advisory Director, ACS Foundation

PROFESSOR ERWIN LOH
Executive Director, Innovation, Patient Safety & Experience/Chief Medical Officer Monash Health

CHRIS GUEST
ICT Strategic Manager, ForensiCare Victorian Government

DR STAFFAN FLODIN
Chief Information Officer Smart Clinics

DARREN HACKETT
Executive Director, Virtual Care and Innovation CD Thames Hospital, CD Virtual Healthcare, Waikato DHB

COREY SNEILL
Chief Information Officer Catholic Healthcare

DARREN HACKETT
Executive Director, Virtual Care and Innovation CD Thames Hospital, CD Virtual Healthcare, Waikato DHB

COREY SNEILL
Chief Information Officer Catholic Healthcare

CALL: +61 3 9909 7310 | EMAIL: admissions@claridenglobal.com | VISIT: http://www.claridenglobal.com
Top Notch Speakers Line-Up

10 - 12 OCTOBER 2017 | PULLMAN MELBOURNE ON THE PARK, MELBOURNE

DR TAM C NGUYEN, Executive Officer of Research, St Vincent’s Hospital

REBECCA BELL, General Manager, Medibank

DEMOS KROUSKOS, Chief Executive Officer, North Richmond Community Health

JEREMY KESTENBERG, Managing Director, Revita Health for Seniors

DR ANDREW WALBY, Director (Emergency Medicine), St. Vincent’s Hospital

KATIE DOAN, Patient Experience Program Coordinator, Transformation and Quality, Melbourne Health/The Royal Melbourne Hospital

ANNE MENNEN, Director of Development, Victorian Heart Hospital

MATIU BUSH, Design Integration Lead, Bolton Clarke

MELISSA BAYSARI, Senior Research Fellow, Centre for Health Systems & Safety Research, Australian Institute of Health Innovation

CHERYL MCCULLAGH, Director of Clinical Integration, The Sydney Children’s Hospitals Network

PROFESSOR MICHAEL BUIST, Clinical Leader (Intensive Care), Tasmania North West Area Health Service

RENEA COLLINS, Clinical Director for eHealth, Metro South Health Service

RENÉE CHMIELEWSKI, Director, Consumer Engagement & Volunteer Services, Austin Health

SANJOY NAND, Service Manager, Pharmacy & Medication Safety, Middlemore Hospital

LIZ SINGLETON, Director, Business Intelligence, The Royal Melbourne Hospital

BROWYN LE GRICE, Managing Director, ANDHealth/Co-Founder and Health Special Advisor, BioScience Managers

ADRIAN HUTCHINSON, Chief Nursing & Allied Health Information Officer, Royal Children’s Hospital, Melbourne

LIAM MCGUIRE, Executive Director (Healthcare), Opaque Multimedia

ASSOC PROFESSOR SONJA PEDELL, Director, Future Self & Design Living Lab, Swinburne University

IRESHA HERATH, General Counsel, Western Health

Unbeatable Reasons why this is an uniquely different Must-Attend Healthcare Summit of the Year:

1. Fresh, novel, first-time topics directly relevant to hospital efficiency, clinician effectiveness and positive patient outcomes
2. At one singular platform, meet with CEOs, Managing Directors, CIOs, CTOs, Directors, Clinicians, Nursing Experts, Technology Leaders, Investors and all key decision makers in the whole healthcare ecosystem
3. Practical real-situation best practice experience to be liberally shared, no motherhood statements, with many successful digital health case studies
4. Take the front seat as new Healthcare Technologies are being rolled out, discovered and beta-tested for final clinical adoption
5. How digital health models would have to change, with the full application of human centered design and real-life user experience, with good patience outcomes as the goal, in applying technology to models of care

For 23+ years, Primaxis has provided solutions and services to various market segments across Australasia. Primaxis specializes in streamlining business processes with a high level of expertise and service. Our approach is to incorporate and integrate technologies using agile methodology, mindful of cognitive and AI and how they can enhance our solutions. Our team includes published authors, award winning instructors, multi-talented software engineers and infrastructure experts, all with a vested interest in finding new ways to enhance the achievements of our clients. We work with world renowned technology partners such as IBM and Microsoft, while offering our in-house designed platforms including an Interpreter Management System and Safety Management software. Primaxis value the relationships we build with clients, helping them work smarter and giving them a leading edge.

Visit: www.primaxis.com.au

Established in 1888 as a printing business, we have grown into one of the ANZ region’s largest providers of identification, tracking and mobility solutions in the supply chain. With over 12,000 customers, Peacock Bros manufactures high quality labels, tags, and thermal ribbons. We also install and support world-leading printing and data capture equipment from brands such as Zebra Technologies, Honeywell and Motorola. With our own in-house development team and a dedicated service and support centre, we tackle challenges that other companies simply wouldn’t touch. Despite our growth, Peacock Bros today remains committed to the family values that we have lived by since day one. These values include integrity, respect and loyalty for our customers and the people we employ. We wouldn’t want it any other way.

At Siemens Healthineers, we want to make healthcare providers succeed in an ever-changing healthcare industry – by helping them deliver better outcomes at lower costs. This purpose drives our focus: to lead the transformation of healthcare together with the ones delivering it.

In healthcare, change is rapid and ongoing, and we understand the challenges and pressures that come along with it. Being a leading global healthcare company, we at Siemens Healthineers are continuously developing our portfolio, from medical imaging and laboratory diagnostics, to adding managed services, consulting, and healthcare IT services – as well as further technologies for therapeutic and molecular diagnostics.

2016 Summit

More than 150 delegates:

- Nib Health Funds Limited
- Gold Coast Hospital & Health Service
- Western Sydney Local Health District
- Siemens Healthineers
- University of Otago
- Australian Health Design Council
- The George Institute for Global Health
- Dell Inc.
- St Vincent’s Health Australia
- Calvary Healthcare

and many more

Tabletop Sponsors

Allscripts:
Our Mission: Allscripts solutions enable smarter care, delivered with greater precision, for healthier patients, populations and communities.
We make a commitment to your success by providing you the following essentials:
• We strengthen your IT foundation by delivering the most comprehensive, user-friendly and core clinical and financial solutions available today.
• We help elevate your success by providing insights and innovations so you can meet the operational, regulatory and quality demands of today’s — and tomorrow’s — healthcare environment.
• We connect everyone across the healthcare community by offering open and interoperable solutions that empower communication, collaboration and coordination for better outcomes.
• We help build your bridge to the future, by constantly innovating to improve the practice of medicine and the process of care delivery.
We’re a team of more than 7,000 strong devoted to fulfilling your needs today and creating the healthcare IT architecture of tomorrow.

Lenovo:
Our journey began humbly in 1984 at a guardhouse in China, when Legend Holdings was formed with an investment of just RMB 200,000 (US$ 25,000). In 1988, we opened for business in Hong Kong and, within eight years, we became China’s largest PC company. In 2004, we were renamed Lenovo.
Today, we are a US$46 billion multinational company with 55,000 employees serving customers in over 160 countries. Ranked #202 on the Fortune 500 list, we are proud to be the world’s largest PC vendor. Our portfolio now includes workstations, servers, storage solutions, IT management software, smart TVs, tablets, smartphones, and even apps.
As the world becomes faster, more demanding, and more competitive, so has our business. By continually innovating, we enable our customers to challenge and inspire everyone around them. And help keep things moving forward in a more interesting way.
Visit: www.lenovo.com

TOLMAR Australia:
EAs a specialized uro-oncology organization, TOLMAR Australia provides medicines, diagnostic tests and support to those with advanced prostate cancer and bladder cancer.
Committed to driving improvements, TOLMAR works closely with the medical community in supporting progressive approaches to early detection, treatment and care.
TOLMAR Australia is delighted to be supporting the 3rd Digital Hospital & Healthcare Innovations Summit.

Media Partners

The Australian Information Industry Association (AIIA) is Australia’s peak representative body and advocacy group for those in the digital ecosystem. We are a not-for-profit organization to benefit members, and AIIA membership fees are tax deductible. Since 1978 the AIIA has pursued activities to stimulate and grow the digital ecosystem, to create a favorable business environment for our members and to contribute to Australia’s economic prosperity.
We do this by delivering outstanding member value by:
• providing a strong voice of influence
• building a sense of community through events and education
• enabling a network for collaboration and inspiration; and
• developing compelling content and relevant and interesting information
Visit: www.aiia.com.au

The Hospital and Health Suppliers Guide is Australia’s leading niche market directory and website, matching suppliers with health industry purchasers throughout Australia for the past 39 years. Published annually since 1976, the Hospital and Health Suppliers Guide showcases over 2000 of Australia’s top health suppliers and is complimented by our e-Book and enhanced website.
Visit: www.hospitalsuppliers.com.au

The Australian Healthcare and Hospitals Association (AHHA) is Australia’s national peak body for public health care providers. We provide our members with a national voice for public health care. Our vision is for an effective, innovative and sustainable health system where all Australian have equitable access to healthcare of the highest standard when and where they need it.
AHHA’s major activities include robust advocacy and research programs, offering a variety of training opportunities for members and hosting events to showcase research, provide information and encourage debate and knowledge sharing in the Australian health community.

Our vision: Building intelligent Health Organizations through collaboration learning...

Our mission: To improve patient care and support health care workers by assuring access to the right information in the right place at the right time.

Visit: www.healthxn.com.au

Since 2004, Medgadget has been reporting on medical technology from around the world. We cover the latest medical devices and approvals, technology breakthroughs and discoveries, conduct exclusive interviews with med tech leaders, and file reports from healthcare conferences.

Visit: www.medgadget.com

Medical professionals and allied health staff are practising in an age where electronic data is fast superceding our traditional paper based data. Moving this electronic data from stationary computers to convenient handheld mobile devices represents the cutting edge of technological developments in medicine. We are seeing the development of smartphones, tablets, telemedicine, and highly portable versions of previously large immobile equipment. Modern medicine is a science that heavily relies on evidence based decision making. Our vision is to be the foremost resource for quality research examining the varied uses of mobile technologies in medicine, allowing for evidence based decision making. Our mission is to promote further development in this field by documenting advances, providing a field for discussion, and stimulating further research.

Capitalize on this Summit

Do you have solutions to help enhance patient outcome & clinician effectiveness? For Managing Partners and Partners, this Summit provides an unprecedented opportunity to tap on to new clients. Looking for the ideal platform to raise your profile and to increase your ROI?

Join us as a Corporate Sponsor and Exhibitor at the 3rd Digital Hospital & Healthcare Innovations Summit!

More details will be furnished upon request.

Leverage our limited sponsorship packages to strength and confirm your market position through consistent and continual branding awareness and take advantage of the plethora of opportunities with high level decision makers.

Your Partnership with us will provide you with:

- Unparalleled industry exposure
- Leads generation and set-up of meetings with key decision makers
- Positioning your company as a thought-leader
- Reaffirming your position in the industry

Please contact Catherine Werner at +65 6716 9996 or email catherine@claridenglobal.com to discuss potential exhibition and sponsorship opportunities or to customize your own package.

Benefits as Media Partner or Supporting Organization at the 3rd Digital Hospital & Healthcare Innovations Summit

- Enhance your corporate profile and visibility within your industry – Your company’s logo will be emblazoned on our brochures and distributed to key decision makers across Australasia
- Affiliation with Australasia’s best commercial event organizer

Clariden Global events are widely known and well supported throughout the Asia-Australasia region for giving best value to senior industry executives. We partner with selected media and supporting organizations, capable of delivering the highest caliber of expert knowledge and key industry insights to the target market.

If you meet the criteria mentioned above and would like to explore the opportunity to partner with us for the 3rd Digital Hospital & Healthcare Innovations Summit, please contact Kevin Young at +61 3 9903 7310 or email kevin@claridenglobal.org.
DAY ONE - 10 OCTOBER 2017

09:00 Welcome Remarks by Clariden Global

Conference Chairman:
Dr Damian Claydon-Platt, Chief Clinical Information Officer, Epworth Healthcare

09:05 De-risking Investment in Digital Health technologies and overcoming the barriers to commercialization of digital health technologies

Browyn Le Grice, Managing Director, ANDHealth, Australia’s National Digital Health Initiative

09:40 Overcoming the Challenges of Inter-Operability in Digital Healthcare and Standards

Heather Grain
Board Member, HL7 Australia
Chairperson, HL7 International Terminology Authority
International Standards Organisation TC215 (Health Informatics) Semantic Content Expert
Technical Advisor to the Governments of India and Brazil on eHealth

10:10 Morning Refreshments (Sponsorship Opportunity Available)

10:40 Opportunities for New Investments in Healthcare, Digital Health and Health-Tech: Perspectives from CEO, Investors, Incubators, Business Collaborators, Hospitals

- New Opportunities & Challenges in financing new healthcare projects and business
- Pricing framework for public hospital services
- Looking at how health records and data can be the center of a policy targeting new healthcare investments and state economic development
- Case studies of concrete initiatives in new healthcare investments, and their impact on developing new health initiatives
- Affordable healthcare and insurance
- Innovation in the digital and health space
- How can private health insurance reshape healthcare delivery for improved health outcomes?
- Changes in future funding arrangements
- Commercialization of Medical & Healthcare Research: Business & Industry Collaboration Opportunities & Strategies
- From Lab to Ward: Translational medicine in practice
- Optimizing ROI in healthcare investments

Dr Tam C Nguyen, Executive Officer of Research, St Vincent’s Hospital
Liz Singleton, Director, Business Intelligence, The Royal Melbourne Hospital
Rebecca Bell, General Manager, Medibank
Browyn Le Grice, Managing Director, ANDHealth/Co-Founder and Health Special Advisor, BioScience Managers & invited management from Healthscope, Ramsay, Evolution Care, ASX/investors from China, Asia & the Middle East

11:20 Healthcare & Hospital CEO and Senior Management Forum

- What’s next for healthcare and where do we see ourselves in 15-20 years?
- Current and recently completed digital hospital projects
- The challenge of achieving optimal patient care outcomes & delivering new models of care
- Managing disrupting technologies in medicine
- Delivering cost-effective healthcare services
- Thinking outside the box
- The Whole-of-Health Approach
- Implementing transformative strategies that work
- The medical doctor’s perspective of digital healthcare
- Transforming healthcare for seniors & community health
- Regulatory & Legal Challenges in the Healthcare sector

Dr Bernard Sia, CEO, Banksia Medical Center
Christine Giles, CEO, Portland District Hospital
Demos Krouskos, Chief Executive Officer, North Richmond Community Health
Jeremy Kestenberg, Managing Director, Revita Health for Seniors
Dr Andrew Walby, Director [Emergency Medicine], St. Vincent’s Hospital
Iresha Herath, General Counsel, Western Health
Cory Snell, Chief Information Officer, Catholic Healthcare

12:10 Presentation by Senior Management, Primaxis

12:30 Networking Luncheon (Sponsorship Opportunities Available)
Main Summit Agenda

10 - 12 OCTOBER 2017 | PULLMAN MELBOURNE ON THE PARK, MELBOURNE

14:00 Driving Patient’s Journey and Experience through Data and Technology

- Patient Journey Modelling - Improving Patient Flows
- Improving operational management (especially where changes have resulted from partnering with consumers)
- Reducing Medication Errors and Patient Safety in Hospitals
- ICT initiatives that demonstrate sustainable patient flow improvements
- Strategies and challenges in patient engagement
- Contingency planning, protocols including scalability of escalation/surge responses
- Utilising hospital avoidance strategies to mitigate demand
- Digital referral channels: Protocols for reassigning patients offsite for non-acute care
- Strengthening the discharge process
- Embed clinical governance to improve patient outcomes and care
- Improve the flow of information to better identify deficiencies of care
- Apply innovative patient-centered models for quality and safety excellence
- Strengthen clinician engagement and communication during handover
- Quality improvement activities towards medication safety interventions
- Understanding what part of the patient journey and therefore benefit realisation is actually attributable to a digital health record rather than the current motherhood type benefits that rely on actions as a result of information visibility not just that a risk assessment was completed

Katie Doan, Patient Experience Program Coordinator, Transformation and Quality, Melbourne Health/The Royal Melbourne Hospital

Renee Chmielewski, Director, Consumer Engagement & Volunteer Services, Austin Health

14:45 Case Study: How an existing healthcare outfit transform itself into a successful Digital Hospital

- Understanding the complexity of a Digital Hospital
- Learning from failed initiatives
- System transformation with limited resources
- Defining digital strategy and implementation: challenges to overcome and options
- Clinical engagement in digital health

Chris Guest, ICT Strategic Manager, ForensiCare, Victorian Government

15:30 Afternoon Refreshment & Networking (Sponsorship Opportunity Available)

15:45 Case Study of the Clinical & ICT Journey of a new Heart Hospital

- Planning and developing a heart hospital
- Future-proofing for capacity growth and new paradigms of care
- Strategy for clinical transformation
- Planned technology, HIMSS 6 aspirations
- Integrating eHealth solutions in design

Anne Mennen, Director of Development, Victorian Heart Hospital

16:30 Case Study of Digitization in Rural Health

How to strategize digital health for better patient outcomes for the regional and rural communities

Dewald Botha, Chief Technology Officer, Tristar Medical Group

17:00 Closing Remarks

17:15 Champagne Cocktail Networking Session (Sponsorship Opportunity Available)

Enjoy a glass of champagne whilst networking with other like-minded individuals on topics that are of most interest to you and fellow delegates.
## Main Summit Agenda

### DAY TWO – 11 OCTOBER 2017

<table>
<thead>
<tr>
<th>Time</th>
<th>Session</th>
<th>Speaker</th>
</tr>
</thead>
<tbody>
<tr>
<td>09:00</td>
<td>Chairman’s Welcome Remarks</td>
<td></td>
</tr>
<tr>
<td>09:05</td>
<td>Human Centered Design and User Experience in applying technology to models of care and how those models have to change</td>
<td>Matiu Bush, Design Integration Lead, Bolton Clarke</td>
</tr>
<tr>
<td>09:45</td>
<td>Usability and User Experience of software based healthcare technology</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Integrating clinician concerns and requirements in the digitization process</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Educating clinicians about what to ask for when it comes to usability and user experience</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Consulting with end-user clinicians to ensure systems and processes meet needs</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Enhancing clinician understanding of technology and addressing their negative experiences with technology</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Setting benchmarks for end-user functionality and driving optimal clinician experience</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>Christopher Bain, Chief Health Information Services Manager, Mercy Public Hospitals</td>
</tr>
<tr>
<td>10:15</td>
<td>Design challenges for the next generation of computerised decision support</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Computerized decision support (CDS) has the potential to improve safety and efficiency of care</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• CDS is a deceptively simple concept and getting it right is a major challenge</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Ongoing evaluation of CDS is critical to ensure that it remains usable and useful</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>Melissa Baysari, Senior Research Fellow, Centre for Health Systems &amp; Safety Research, Australian Institute of Health Innovation</td>
</tr>
<tr>
<td>10:45</td>
<td>Morning Refreshments (Sponsorship Opportunity Available)</td>
<td></td>
</tr>
<tr>
<td>11:00</td>
<td>Enterprise Architecture in Healthcare</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Why bother with an enterprise health-check?</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• The numerous benefits of Enterprise Architecture</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Architecting our digital health future</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>Damian Claydon-Platt, Chief Clinical Information Officer, Epworth Healthcare</td>
</tr>
<tr>
<td>11:20</td>
<td>Healthcare CIO &amp; IoT Forum</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Technological Innovation and the Future of Medicine</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• From legacy systems to new tech: the transformation journey and implications for adoption</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Design challenges for the next generation of computerized decision support</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Internet of Things and sensing as a service</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Connected devices for Healthcare</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Proof of Concept for new Health-Tech startups, integrating into the hospital &amp; healthcare ecosystems</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Evaluating for the right vendors/suppliers</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Reverse thinking: allowing business transformation to drive IT initiatives</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Driving SMD (Secure Message Delivery) interoperability</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Longitudinal patient record integration</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Developments on the “My Health Record” Program &amp; the National Digital Health Plan</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>Damian Claydon-Platt, Chief Clinical Information Officer, Epworth Healthcare</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Russel Withers, Executive Director, Information &amp; Performance/Chief Information Officer, Footscray Hospital</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Andrew Crawford, Director, Primary &amp; Community Care Services, Advisory Director, ACS Foundation</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Dewald Botha, Chief Technology Officer, Tristar Medical Group</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Adrian Hutchinson, Chief Nursing &amp; Allied Health Information Officer, Royal Children’s Hospital, Melbourne</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Invited Government Health Officials</td>
</tr>
<tr>
<td>12:10</td>
<td>The Clinician’s Perspectives of Digital Healthcare</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• The Future of Medicine and Technological Innovation</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• On the ground clinical experience</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Real world constraints</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• The promise of AI marred by the elephant in the room?</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Inclusiveness and patient safety</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>Professor Erwin Loh, Executive Director, Innovation, Patient Safety &amp; Experience/Chief Medical Officer, Monash Health</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Professor Michael Buist, Clinical Leader (Intensive Care), Tasmania North West Area Health Service</td>
</tr>
<tr>
<td>12:30</td>
<td>Presentation by Senior Management, Siemens Healthineers</td>
<td></td>
</tr>
</tbody>
</table>
Clinical decision support systems in Hospitals
AI for Healthcare and Hospital Operations
Applications of AI in Healthcare via intelligence sensors, signal processing, anomaly detection, multivariate classifiers, deep learning on molecular interactions,...
AI in medical imaging
Emotive AI for therapeutic care
Artificial intelligence will be a key enabler of digital health capabilities
The AI path travelled by Google DeepMind Health & IBM Watson

Interactive Sessions:
Advances in Medical Robotics
- Use of robotics in revolutionizing healthcare delivery
- Robotics in the surgical theatre
- Soft robotics for aftercare therapy
- Robotic-human physio for seniors?
- Automation cost and acceptance
Andrew Crawford, Director, Primary & Community Care Services, Advisory Director, ACS Foundation
Jeremy Kestenberg, Managing Director, Revita Health for Seniors

Advances in Medical Virtualization, Healthcare AR/VR & Telemedicine
- Advent of Virtualization & AR in healthcare
- Beyond telehealth to virtualizing care
- The national move to facilitate digital access through health care homes
- Connected care: linking health and social care into the home
- Tele-surgery pilot projects
- Case study: AR in RCH, Melbourne
Darrin Hackett, Executive Director, Virtual Care and Innovation, CD Thames Hospital, CD Virtual Healthcare, Waikato DHB
Liam McGuire, Executive Director (Healthcare), Opaque Multimedia

Advances in Artificial Intelligence, Deep Learning & Big Data in Healthcare
- m-Health 2.0: Opportunities and challenges for health data analytics
- Data analytics is now a key pillar of digital health
- Smart clinical decisions and big data
- Electronic Health Records (EHRs) for private and public hospitals
- Leveraging clouding computing and deep learning for wider accessibility of advanced diagnostics
- Leveraging care pathways to deliver better outcomes

Dr Staffan Flodin, Chief Information Officer, Smart Clinics
Lisa Lewers, Co-Founder, Heartbeat AI

Nursing Leadership and Technological Changes
- Developing Nursing Leadership programs
- Real-time monitoring of prospective gaps in mandatory risk assessments
- The adept use of nursing information and data
- Integrating patient care
- Infection prevention in the wards
- Managing nursing shortage and talent management challenges
- Nurse humanoids: aid or foe?
- Case Study: O & G issues in IT transformation
Christine Giles, CEO, Portland District Hospital
Cheryl McCullagh, Director of Clinical Integration, The Sydney Children’s Hospitals Network

Advances in Pharma Practice
- e-Procurement Distinctives
- ADMs in Pharma & Clinical Practice
Sanjoy Nand, Service Manager, Pharmacy & Medication Safety, Middlemore Hospital

Afternoon Refreshment & Networking (Sponsorship Opportunity Available)

Case Study of an Integrated electronic medical record (ieMR) strategy and implementation
Renea Collins, Clinical Director for eHealth, Metro South Health Service

Call: +61 3 9909 7310 | Email: admissions@claridenglobal.com | Visit: http://www.claridenglobal.com
17:00  Case Study of Designing the “waiting room of the future” and the role of technology

Assoc Professor Sonja Pedell, Director, Future Self & Design Living Lab, Swinburne University

17:30  Healthcare of the Future Panel Discussion

- Healthcare solutions of the future need to focus on prevention rather than cures
- Patient specific devices and the future development of bespoke healthcare
- From predictive analytics to prescriptive analytics? The rise of medical AI
- Navigating the Uncanny Valley: Getting use to new medical robotics & other disruptive innovations

Adrian Hutchinson, Chief Nursing & Allied Health Information Officer, Royal Children’s Hospital, Melbourne
Dr Staffan Flodin, Chief Information Officer, Smart Clinics
Renea Collins, Clinical Director for eHealth, Metro South Health Service
Assoc Prof Sonja Pedell, Director, Future Self & Design Living Lab, Swinburne University
Lisa Lewers, Co-Founder, Heartbeat AI
Professor Michael Buist, Clinical Leader (Intensive Care), Tasmania North West Area Health Service

18:00  Closing Remarks & End of Day 2
**Workshop Timetable:** Post Summit Seminar will run from 9.00 – 12.30 with mid morning and luncheon breaks. Hospital Tour will run from 14:00 – 17:00 with a mid afternoon refreshment break. Registration begins 30 minutes before post summit seminar and hospital tour commence.

**Leading Change in Connected Health & Optimizing Digital Technology Solutions in Healthcare**

Led by Darrin Hackett, Executive Director, Virtual Care and Innovation, **Waikato DHB, New Zealand**. Under Darrin’s leadership, Waikato DHB won the IDC Award for Connected Health in the IDC Awards recently for its SmartHealth Initiative. From 2007 to 2015, he was Chief Information Officer for a number of DHBs in New Zealand, and prior to that, an ICT expert with IBM.

By: **Darrin Hackett**, Executive Director, Virtual Care and Innovation, **Waikato DHB**

**Hospital Tour:** 14:00 - 17:00 (Sponsorship Opportunities Available)

**Visit to Royal Children’s Hospital, Parkville, Melbourne**

Hospital Tour & Presentation on RCH’s Digital Journey on Becoming a HIMSS Level 6 Hospital.

By: **Adrian Hutchinson**, Chief Nursing & Allied Health Information Officer, **Royal Children’s Hospital, Melbourne**

10 GOOD REASONS TO JOIN US THIS OCTOBER AT THE 3RD DIGITAL HOSPITAL & HEALTHCARE INNOVATIONS SUMMIT

1. Receive Updates on the Long-Term Healthcare Plans and Digital Health Strategies from the Federal Government and the Victorian State Government

2. Track the evolving role and advances in digital hospitals and learn how you can steadily redesign the delivery of healthcare in Australia & New Zealand

3. Discover new healthcare investment opportunities and the latest technologies to improve healthcare provision and stay relevant with the changing healthcare scenario

4. Learn from hospitals that have taken the successful digital path to deal with unexpected challenges encountered, but still achieving sustainable healthcare delivery with improved ROI

5. Develop a more complete whole-of-health approach that involves all stakeholders in the healthcare of the future value chain and speed up the change management process

6. Redefine patient engagement through care and optimizing patient journey via digital platforms

7. Network and forge new collaboration with many CEOs and other high-level and C-level decision-makers

9. Recognize the critical need of cybersecurity, in the wake of new ransomware and other hackings

10. Understand how to manage chronic diseases of ageing through technology and bespoke healthcare solutions for seniors
