This program provides a broad perspective on the business, ~~which~~ based on the fundamentals of the finance expertise. It provides a clear insight on how finance professionals / CFOs can capitalize more on the fact that their function is positioned at cross roads of other functions: the numbers of today are the results of past decisions, while the value is in making today's

Thank you for your feedback.
We look forward to welcoming you back to our future executive education programs.

decisions better so that the numbers of tomorrow / future become even better. That's where the CFOs can make a real difference and the program shows how to do that effectively.

I feel that Dr. John Percival is a great presenter. He gave us scenarios, point to us various ways of looking at the issues. Possible solution but leave it to us to determine what is best for individual & the company. Not imposing but sharing of his experience. It has been a very interesting three days talk.
